The Comp my have just completed the largest
Hotel in a sthern Kansas, being three stories
high ar d containing twenty-four large, commodious sleening and sitting rooms. In addition
to the hotel, the Company have built a large
-torchouse, which will soon be well filled with
all the commodities needed in a country like
ours. A large number of carpenters are now at
work erecting residences, shops, offices, &c. The
Company offer great inducements to mechanics
and others, wishing to locate. The town, from
its central location, being the geographical center of Bourbon county, must always command
an extensive trade and soon become an important town in southern Kansas, as it is surrounded by as GOOD FARMING LANDS as were
ever tilled by the husbandman.

CLAIMS.—Good and desirable claims can be
obtained in close proximity to town and timber.

Marmiton is splendidly and must be healthfully located, being on a high rolling prairie.—
It has beautiful streams of water washing its
gorthern and southern limits. An excellent

has lately been creeted, and is now in successful

as lately been erected, and is now in success

operation.

CLIMATE.—Marmiton is situated in latitude \$7 \ightarrow 50\$, and longitude, \$1 \ightarrow 47\$ west from Washington. The Thermometer does not indicate a higher degree of heat than ninety, and never in the winter gets below zero. Farmers and Mechanics find no inconvenience in doing out-door work in the winter season. Cattle, hogs, sheep, etc., do well on the prairie during the entire year. There is always a pleasant breeze in the hottest days of summer, which makes the heat less oppressive than in many of the northern States. In offering our Trees for sale, we have but a few words to say. Particular attention has been paid to their cultivation, in order to keep them in good shape for setting in orchard form. The soil on which they are grown being good and worked deep, they are uncommonly well rooted, having a large amount of fibrous roots.

We have spared no pains in obtaining the best varieties of

SUMMER, FALL AND WINTER FRUIT. SUMMER, FALL AND WINTER FRUIT,
Especially those kinds that have been tested and
found to do well in the most Western States.—
In order to prevent mistakes, we cut our scions
for grafting from eld bearing trees, and we will
guarantee the kinds to be what we sell them for.

Our trees have been raised on Kansas soil, and
are therefore much preferable to those from ont
of the Territory, being much more certain of
living and making rapid growth, as we have
learned by our own experience.

Our trees are healthy, thrifty, and well grown,
and as such we offer them to Fruit Growers at
cheaper rates, we think, than any other nursers
